When choosing the courses, please be aware of the following:

- Due to the high number of offered courses, some of them may overlap. The students should not choose overlapping subjects, as all scheduled classes are mandatory.
- There will be no overlapping of the timetable among courses of the same year and degree of studies.
- There is a limited number of students accepted per course.
- Only when justified, are students allowed to sign up for courses amounting to more than 30 ECTS credits.
- It is not allowed to mix courses of various Master's programmes and different groups among Master's.
- In case of choosing a Master's programme, it is required to select at least 24 ECTS (if available) in courses of this particular programme (and the same group). The missing credits (if applicable) may be completed with undergraduate/advanced courses.

The choice of courses is done in two phases:

- 1st phase - selection of courses during enrolment via internal system called *Fenix*,
- 2nd phase (when applicable) - adjustments in the choice of courses in case of inadequate selection, advised by ISCTE Business School Programme Manager (ongoing).
