

10th Responsible Management Education Research Conference

Lisbon, Portugal, 26-28 September 2023

CALL FOR TRACKS

Sustainable and Responsible Management:

A decade of Integrating Knowledge and Creating Societal Impact through Innovation and Entrepreneurship

The 10th RMER Conference hosted by Iscte Business School is a forum intended to engage multiple stakeholders in a dialogue around Agenda 2030 and beyond and enhance further collaborations in responsible management education and research, and sustainable business practices to advance the SDGs.

This year marks the 10th Jubilee anniversary of RMER Conferences. Across a decade of achievement, RMER Conferences have explored the complexities and global challenges involved in the transition to more sustainable production and consumption patterns. Different agents, including companies, nonprofits, governmental entities, organizations, consumers, and society at large, need to work together to effectively advance the 2030 Agenda and beyond. Through multidimensional and multidisciplinary dialogue and knowledge sharing among management educators in conversation with other stakeholders have advance responsible management education and learning. As the challenge remains, further dialogue on how economic restructuring and social transformation on the journey to a more sustainable world is still needed.

The main goal of the global 10th RMER Conference is to bring together the responsible management education community and its stakeholders to drive societal impact through innovative and entrepreneurial ways that are grounded in the six PRME principles of purpose, values, method, research, dialogue and partnerships.

To this end, we kindly invite fellow educators and researchers (PRME community and beyond) to submit conference **track proposals** that either directly support or complement the conference theme of “Sustainable and Responsible Management: A decade of Integrating Knowledge and Creating Societal Impact through Innovation and Entrepreneurship”. We emphasize a balanced composition of chairs regarding gender, ethnicity, and age. If needed, track proposals might be merged in order to obtain the best possible coverage of topics and the best mix of track chairs.

Track submission guidelines and templates

To submit a track proposal please follow the link below and complete the form entering a track title, a short track description (maximum 1000 words), that can include relevant literature, and up to six keywords. Please also share a short biography of your person and possible co-chair that highlights track chair(s) expertise, such as published research and/or relevant academic, organizational, industry, community, editorial or other applicable experiences. Please also include contact information: names, affiliations, and emails. Multiple submissions are possible, with a maximum of two track chairs assigned per person due to practical reasons.

Track chair responsibilities

The responsibilities of the track chair(s) include:

- Physical Attendance at the RMER Conference in Lisbon

- Liaising with the conference committee on all matters that concern the RMER Conference
- Promoting the track and take sufficient measures to ensure an adequate number of submissions
- Acting as reviewer of the extended abstracts submitted to the track
- Chairing their tracks during the conference

Review Process

Each proposal will be evaluated by the Conference Committee and reviewed by the Conference Program Committee. Acceptance decisions will be based on

- conference theme fit
- overall quality of proposal and significance of topic
- chair profile and diversity (seniority, gender, background, expertise, impact)

Based on this, the Conference Program Committee can accept track proposals as submitted, provide suggestions for modification or improvement or reject proposals which do not meet the criteria listed above.

In case of overlaps, the committee might ask chairs to consider joining forces with another track. The committee also reserves the right to invite scholars to chair tracks on themes that are deemed relevant but have not been covered by the open call.
